

Price List

This price list is a guide only. Cost is determined by the complexity of the problem, treatment time required, material used, number of surfaces or teeth involved and a whole range of other factors. For a personalised and accurate quote, we would love to help you book an appointment with a dentist on 1800 NO PAIN.

All-On-4 Dental Implants

What is All-On-4?

- A revolutionary and cost-effective technique that allows for a realistic and full replacement of teeth and gums.
- The treatment involves placement of a full set of fixed teeth on just four dental implants.
- The fixed teeth only takes between one to three days to reconstruct before it is delivered to you.

From \$20,000

This treatment is only for people with terminal teeth, and there may be cheaper options available which we discuss during your consultation
